ALLIES OPEN
CONFERENCE
ON GENEVA

By DAVID MASON
PARIS (AP)—U.S. Secretary of State Christian A. Herter arrived from Washington today to help wrap up Western proposals on Germany for the Geneva foreign ministers' conference with the Soviet Union.

In a brief arrival statement, Herter said he is confident the West will approach the Geneva meeting "with unity and firmness of purpose."

He referred to disagreements among the Allies over proposals to be made to the Soviet Union saying, "it is wholly natural that the Western Countries should regard the questions to be discussed with the Soviets from somewhat different points of view."

But he said he has no doubt the Western Allies will "agree wholeheartedly" on the position they will take in Geneva.

Herter stepped from his four-engine Air Force plane and walked easily down the ramp. He had a broad smile and warm handshakes for the welcoming party.

With the aid of crutches he walked over to a group of photographers behind a police barrier and posed for several minutes.

Then Herter went into an airport reception room and made his statement, first in slightly accented French and then in English.

Herter expressed confidence the Allies would "reach the right result" as he left Washington by plane Monday night for his first foreign assignment as secretary of state.

Herter is to meet for three days, beginning Wednesday, with the British, French and West German foreign ministers.

The new U.S. secretary said the Allied ministers "will be primarily concerned with reaching final agreement among ourselves on a common Western position on outstanding questions related to the German problem which can be expected to arise during the Geneva four-power meeting."

"We have found the basis for a general agreement," a top French diplomat reported. An American source added: "It'd be (Turn to Page Ten)"

Congress Will
Cut Budget Sen.
Johnson Declares

By STERLING F. GREEN
WASHINGTON (AP)—Senate Democratic Leader Lyndon B. Johnson of Texas today told the U.S. Chamber of Commerce that Congress will appropriate less than the 77 billion dollars budgeted by President Eisenhower for the coming fiscal year.

"I believe in a balanced budget," Johnson said in an address to the 2,000 businessmen at the chamber's 47th annual meeting here.

His words were applauded warmly. When questioned by reporters later, Johnson said his words didn't mean he was forecasting a balanced budget in fiscal 1960, beginning July 1.

"We may not raise all the money the President wants us to raise," he explained, "but we'll appropriate less than he has asked us to spend."

The budget Eisenhower sent to Congress in January as balanced called for an increase in the tax on highway fuels and higher postal rates.

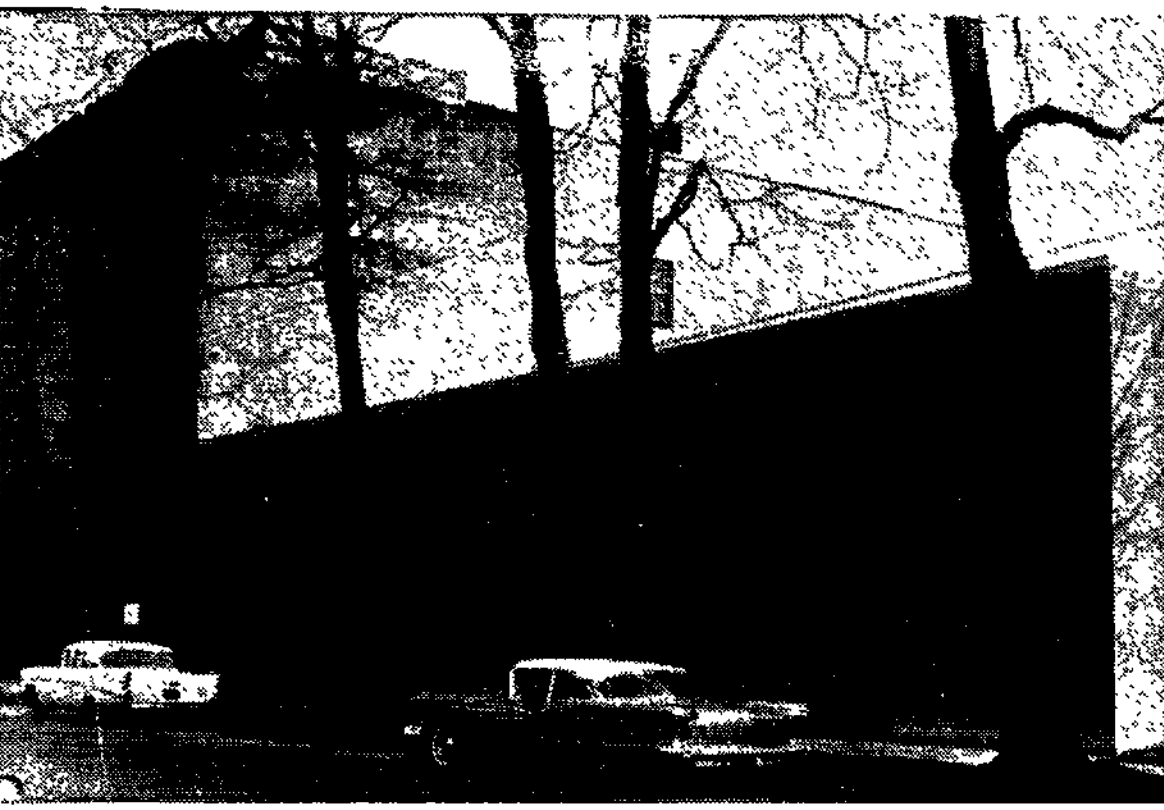

Johnson told the chamber that since 1955 Congress has cut every presidential budget for a total decrease in appropriations of \$10,500,000,000.

Pleasant Township Sewage
Facilities Funds Approved

An advance of \$17,600 was approved Monday by Community Facilities Adm. at Washington, D. C., to Pleasant Township for planning of sewer facilities.

Estimated cost of the project is \$358,300. Construction is expected to begin by March 1960. It will include a complete sanitary sewage collection system which will discharge into sewer system of Warren for treatment. Borough Manager George

Finishing Touches on New Dial Building

A crew of 50 workmen are installing and testing equipment in the new Randolph dial office of Bell Telephone, right on schedule for the big day, Sunday June 7th, when local subscribers will have their phones converted to the dial system. The new structure, above, is made of brick to conform with the present central office, which was built in 1925, is 80 feet wide on Pennsylvania avenue side, and 73 feet deep, and cost a total of two and one half million dollars. Mr. Anstadt, manager of the Warren office, has announced that all of the 11,000 area telephones have been changed to dial, and a new and completely new directory will be issued on June 1. Complete instructions for operation of the dial system will be given, either by mail or by phone, or both, and there will be demonstrations in the schools prior to the opening date. — Photo by Gordon Mahan.

Route 257 Is Closed
To Public Traffic

Notice comes from the Highway Department in Starbuck today that Route 957 from Russell to Lander was closed to traffic Monday as construction on the highway has started. Only those people living on the stretch of road will be allowed to drive the route. Notice will publicly be given when the road is again accessible.

Fugitive Ostwind
Held Under Bond
For Court Action

PITTSBURGH (AP)—Mitchell Ostwind, back home after 10 months refuge in Brazil, promised the government today to tell the "full and complete story of his dealings with youthful financier Earl Balle."

The 26-year-old former salesman surrendered to federal authorities Monday to face federal charges of fraud and conspiracy in connection with the complex operations of a financial empire. "I want to get this cleared up once and for all," he told U. S. Atty. Hubert Teitelbaum. "I don't want it hanging over my head."

Ostwind spent several hours talking with the FBI after his surrender and arraignment. The FBI will continue to question Ostwind. He is free under \$2,500 bond pending. (Turn to Page Ten)

Prison Guard Heads
Safe-Cracking Ring

OCALA, Fla. (AP)—Three men accused of operating a safe-cracking ring with state convicts face prison terms.

Clemis Barnes and brothers George and Samuel Altman pleaded guilty in Circuit Court Monday to breaking and entering a feed store where approximately \$600 was taken.

The state charged that Samuel Altman, a guard at nearby Lowell Correctional Institution, let prisoners out at night so his brother George and Barnes could use them on safe cracking jobs.

Geracimos explained that Pleasant Township will pipe the sewage to the borough line wherever they choose. From there, Warren will pick up the sewage with their own equipment.

A meter at the connection where Warren joins Pleasant, will record amount of sewage being treated in the Warren plant. Pleasant Township will receive one lump bill. The local treatment plant was so constructed as to handle "extra" loads.

Large Delegation Signs Up
For Trip To Promote Dam

The much-discussed flight to Washington, D. C. Thursday by local representatives seeking additional appropriations for the proposed Kinzua Dam project before a sub-committee hearing has taken on considerable proportion within the last 24 hours.

Scheduled to leave Warren county court house at 6:15 a. m. Thursday preparatory to a trip to Bradford where the plane takes off at 7:15 a. m. are: Dan Troxell, Warren Lion's Club; Shurl Glass, Warren Rotary Club; Karl Peterson, Central Labor Union; Charles Preston, Warren County Development Association; C. B. Anderson, Sugar Grove Lion's Club and Robert Gibb, Warren Kiwanis Club.

Other passengers will be: Raymond Ralston, Warren County Pomona Grange; Ervin Rader, Sheffield Rotary Club; Frank Segal, Sheffield Chamber of Commerce (also Warren County Development Assoc.); H. H. Husted, Youngsville, BMA; Delbert Anderson, president UBI Union; Arthur Langdon, John Carbon, George Geracimos, borough flood control committee; Wallace Wright, Archie Brobst, IAM Union, Sylvania; Frank Fago, local businessman; Clifford Johnson, Warren County Planning Commission; Merle Kremer, Warren Area Chamber of Commerce flood control committee; Samuel Hoffman, executive vice president, Chamber of Commerce, and Blain Mead, county commissioner.

Homer Haines of WNAE left for the Capitol today and will remain there to represent the radio station at the hearing. Departing tomorrow for Washington are R. O. Wilder and Max Rhoades. Rhoades represents the Warren Electric Co. and will be joined by two other area associates.

Other local representatives are expected to complete plans to participate before the planned flight, including one Jaycee. (Turn to Page Ten)

Industry Urges
National Coal
Policy Committee

WASHINGTON (AP)—Leaders of the coal industry have asked for legislation that they said would put coal on a par with competing fuels.

Their plea was heard by 160 congressmen Monday night at a dinner hosted by the new National Coal Policy Conference. The United Mine Workers, coal companies, coal-using utilities, and coal-hauling railroads make up the conference.

John L. Lewis, president of the UMW, said Congress should set up a national fuels policy, a set of rules that would enhance coal's position in the market.

George H. Love, chairman of the conference, recommended that Congress first study the whole fuels problem, listening to representatives of the coal, gas, oil, and atomic industries. This would lead to "the proper policy for the balanced use of these fuels from a broad public point of view," he added.

Wants Tolls Continued
On Tarentum Bridge

HARRISBURG (AP)—Sen. Charles R. Weiner, Democratic floor leader, said Monday night Democrats will oppose a bill to remove the tolls from a bridge over the Allegheny River near Tarentum.

The bill, which was up for final Senate approval, was placed on the postponed calendar. The action means the proposal will not be considered again until it is specifically called.

Weiner said it would take 2½ million dollars to pay off the debts of the bridge and make it free from tolls. He said this would be a "burden on somebody and it's liable to be the taxpayer."

Panama Says
More Cubans
Are Massing

By LUIS NOLI
PANAMA (AP)—Panama charged Monday night that hired fighters are massing in Cuba for more invasion attempt, to overthrow President F. Estro de la Guardia.

Minister of Government Jose D. Bajan told the National Assembly two or three mole invasion boatloads are being prepared in Cuba to bring to "about 400 the number of Cubans attempting to invade Panama." The government claims the Cubans are hired by Panamanian revolutionists.

Bajan indicated his information about more invaders came from three captured members of the first landing group — 82 Cubans and 4 Panamanians who landed on a deserted beach on Panama's east coast Saturday. Three were drowned in the landing, including the Panamanian commander.

Bajan said the main body of the invaders had occupied and sacked the town of Nombre de Dios Monday after an advance of 35 miles along the coast. He gave no details of damage to the town or its people, but said that Guard troops were patrolling off the coast of the area.

Both the Panamanian and Cuban governments were trying to get the invaders to surrender without a fight. Two officers from Fidel Castro's Cuban army arrived early today from Havana to try to contact the invaders. The Cuban charge d'affaires and the Panamanian government appealed by air-dropped leaflets.

One brief skirmish was reported between National Guardsmen in two landing barges and the invasion force on the beach. The government said casualties were inflicted on the Cubans but that none of the Guard was hit.

The United States announced it is supplying Panama's 3,000-man defense force with small arms to fight off invaders. Under the U.S. Mutual Security Act, any member of the OAS is eligible for small arms, ammunition and supplies in an emergency.

Senate Approves
Bill Urging Speed
Up of Kinzua Dam

HARRISBURG (AP)—A House-approved resolution urging Congress to act fast on the proposed Kinzua Dam was rushed through the Senate Monday night.

The resolution on the flood control project for the upper Allegheny River in Warren County was approved by the Senate Rules Committee at a special meeting. Members of the committee reported back minutes later and the resolution was adopted speedily.

The House, in approving the resolution last week, noted that a flood control system for the upper Allegheny Valley was authorized 20 years ago but that the dam "remains stalled in the planning stage."

They pointed out that the upper valley area suffered severe flood damage in recent years.

Boston Children Return
From Pilgrimage

BOSTON (AP)—Sixty-three handicapped children were back home today from a pilgrimage to the Catholic shrine at Lourdes, France, unimpaired their homeward journey was delayed by plane trouble.

The children and the 29 adults accompanying them were delayed up to 12 hours at Gander, Nfld., when one of the four engines on their big Irish Airlines plane quit a few hours out of Shannon, Ireland.

Irish Airlines diverted two planes to Gander to take the group, including Richard Cardinal Cushing, the remainder of the way to Boston Monday.

Cardinal Cushing said the children took the delay without murmur.

Dem Leaders
Seek Vote on
R. E. F. Bill

WASHINGTON (AP)—Democrats are preparing an attempt to override President Eisenhower's veto of a rural electrification bill. They hope to gain a political advantage whether they win or lose. If they can muster two-thirds of those voting in both houses and thus enact the measure, Democratic leaders feel they will have set a new pattern for more important bills likely to be bounced back to Congress by the President.

These include housing, airport aid and depressed areas legislation carrying spending authority substantially larger than Eisenhower recommended. No Eisenhower veto has been overridden. If they lose, the Democrats believe they will have saddled the Republicans with a 1960 political liability — the enmity of farmers interested in REA expansion programs.

The argument over that started quickly, with statements and speeches both for and against overriding the veto.

The measure to which Eisenhower applied his veto Monday would strip Secretary of Agriculture Ezra Taft Benson and his successors of control over REA loans. It would give the REA administrator the final word in passing on such loans, although REA matters would remain under Benson's general supervision.

Former Minister Goes
To Prison for Thefts

TAMPA, Fla. (AP)—A former Methodist minister who said he committed burglaries to raise money for a fresh start in life has been sentenced to five years in prison for grand larceny.

Judge L. A. Grayson sentenced Byrd Alexander Geiger, 41, Monday. Geiger admitted he broke into 18 business establishments and schools.

He told police he pawned some of the items he stole to pay off debts and to have money for a new start in another city.

PROPOSAL EXEMPTS FROM
LEVIES ACROSS-THE-BAR
LIQUOR AND BEER SALES

By JACK LYNCH
HARRISBURG (AP)—Gov. Lawrence today gave "general approval" to a plan by the Democratic House leadership to exempt across-the-bar liquor and beer sales from the remainder of his 3½ per cent sales tax package.

The governor told his weekly news conference he discussed the compromise with Democratic leaders Monday and added, "I assume it is all right."

Rep. Stephen McCann, Democratic floor leader who unveiled the plan in a House speech, said the stripped-down bill would be put up for a final House vote Wednesday.

The compromise proposal would impose the sales tax both on retail and wholesale sales by beer distributors and at state liquor stores.

But by eliminating drinks across the bar the bill would reduce the estimated yield from the measure by 59 million dollars to 37½ millions.

The governor said he had no suggestion for making up the 21½ million dollar loss if the compromise is acceptable to the Republican minority and rebel Democrats.

Asked about Republican statements that 100 million dollars could be lopped from Lawrence's proposed budget of \$1,907,000,000 for the two years starting June 1, the governor replied:

"My information is that that isn't so. We already cut it (the budget) to the bone. I don't think you could find anything to cut approaching 100 million dollars. If there is an extra dollar in it, I'm for cutting it out."

Despite the tax fight, Lawrence said in reply to a question about his administration was doing "pretty well."

"I only hope to have a balanced budget with the help of the Republican leadership," he added.

Lawrence declined comment on reports that a move was under way to restore the 50-cent sales tax exemption for restaurant meals. In the tax measure recently enacted, restaurant sales above 10 cents were taxed.

Other legislative developments:

Driver's license—Two Republican Senate leaders offered a plan to increase the cost of a motor vehicle driver's license from \$1 to \$5 but made it good for three years instead of one.

The sponsors were Sens. James S. Berger (R-Potter) and Albert R. Pechar (R-Armstrong).

Schools—The house received administration-backed bills to amend the Constitution to allow state loans for college scholarships.

Another measure would limit to \$1,000 the state aid a school district may receive for closing (Turn to Page Ten)

USW President Charges
Error in Output Report

PITTSBURGH (AP)—United Steelworkers President David J. McDonald has asked the federal government to correct what he calls errors in a government report on man-hour production in the steel industry.

The labor leader said the report is extremely prejudicial to the position of the USW before the public and in the impending contract negotiations. The union opens contract talks with the steel industry May 5.

The government's Bureau of Labor Statistics reported April 16 that the steel industry's output per man hour declined nearly 6 per cent in the three-year period of 1955-1958.

With network officials manning the equipment, the Garroway show went on the air as scheduled this morning and its offerings included the controversial Bardot film.

Union members Monday refused to handle video tape for Dave Garroway's "Today" program, scheduled for the NBC-TV network from 7 to 9 a.m.

The program, which included an interview with Brigitte Bardot, was filmed in Paris last week. The union claimed some French technicians were used in certain jobs during the taping, and that this was a violation of the contract.

Key Witness to
Jail Kidnapping
Being Released

POPLARVILLE, Miss. (AP)—One of the key witnesses to the abduction of Mack Charles Parker will be released from jail on bond this week.

C. J. Mondy, a Negro has been in jail on a charge of murder for six months. His trial was scheduled for Wednesday, but it was put off until the next term of Criminal Court in November when Judge Sebe Dale adjourned the court term Monday.

Mondy's lawyer, the county attorney and Gov. J. P. Coleman authorized the release on bond.

It was Mondy, 25, who gave officers the first account of the beating and kidnapping of Parker, a Negro. Both were on the third floor of the jail, where the Negro prisoners were kept.

Highway patrolmen guarded the Pearl River County Jail on a 24-hour basis to prevent any intimidation of prisoners who saw the eight or 10 hooded men who broke into the jail Friday night and brutally beat and kidnap Parker. The jail normally is unguarded. No one was on duty Friday night.

Parker, 23, was scheduled to go on trial Monday on a charge of raping a 24-year-old white mother.

Mediators Seek
To End Dispute
Involving N. B. C.

NEW YORK (AP)—Federal mediators sought today to settle a strike of engineers and technicians at the National Broadcasting Co. which knocked its television and radio networks off the air for two hours Monday.

The Federal Mediation and Conciliation Service scheduled a meeting between NBC and the National Assn. of Broadcast Employees and Technicians (NABET). Both television and radio technicians walked out.

Union members Monday refused to handle video tape for Dave Garroway's "Today" program, scheduled for the NBC-TV network from 7 to 9 a.m.

The program, which included an interview with Brigitte Bardot, was filmed in Paris last week. The union claimed some French technicians were used in certain jobs during the taping, and that this was a violation of the contract.

Coon Dog Caught In Jutted
Crevice Still Awaits Rescue

OWASSO, Okla. (AP)—The fate of rock-bound Little Richard, coon hound stuck tightly nearly five days in a crevice of a rock embankment, appeared today to rest with a tiny Tulsa man or "last resort" dynamiting.

"We've got to get him out today or else," said Larry Wilson, the dog's owner. "A veterinarian said he probably can't last the day unless we do."

Albert Leeds, 37, volunteered to squeeze his 3-foot, 60-pound frame into the narrow fissure in an attempt to free Little Richard.

Rotary drills and jack-hammers have been used on the thick rock. Workers ground to within two feet

of the bound when they quit at midnight, but Wilson said the pace wasn't fast enough.

An ambulance is on call waiting for rescue workers to announce the breakthrough. So is an Owasso veterinarian who will treat the 2-year-old dog for shock.

Larry Wilson, the dog's owner, has tried to free him since Friday. He was joined by two utility firm crews and scores of ordinary dog-lovers Sunday.

Little Richard became a celebrity Monday in this hill country town 20 miles northeast of Tulsa. The scene of his ordeal is a limestone bluff faced with crows (Turn to Page Ten)

Conewango Twp. Residents Will Vote on Liquor Issue

Residents of Conewango Township will have an opportunity to vote at the Spring Primary Election on Tuesday, May 19th, on whether they want legalized liquor and beer sales in the Township.

Judge Alexander C. Flick, Jr., on April 9, 1959, handed down an order in Warren County Court reversing and rescinding the order of March 30th which upheld the action of the Warren County Board of Elections in rejecting the petitions for a vote on legalization of liquor and beer sales in the county.

The April 9th order, finding in favor of the plaintiffs, namely William Manning and Harold Beach, who filed the complaint in mandamus, commanded the defendants, namely the Warren County Board of Elections, to arrange for the submission of the question of local option to the electors of Conewango Township at the Primary election on May 19th. Costs of the proceedings were placed on the county.

The point at issue centered around the date of filing of the petition which was received on March 17th, the day after the deadline for nomination petitions. The petition was rejected by the Board of Elections on this point.

The reversal came on a re-argument of the complaint in mandamus filed in behalf of William Manning and Harold Beach, who petitioned for the referendum. The point at issue centered around the date of filing of the petition, with the Court finally recognizing the Liquor Code requirement of a 60-day limit rather than the Election Code's 64-day requirement on filing local option petitions.

Attorneys Samuel Bonavita and Harold Hampson represented the plaintiffs.

ACS Educational and Fund Raising Drive Nearing Close

The Crusade to save lives "with a check-up and a check" will close here April 30, with an indication that the American Cancer Society's 1959 campaign will be the "Most successful in History."

A statement by Colonel Edward Ayres, County Crusade chairman, said the Crusade here shows an increase over third report figures of the 1958 drive, and it is hoped that the Warren County Unit, American Cancer Society will exceed its county-wide target of \$15,000, although the goal is unlimited. Colonel Ayres declared "The public has responded to the plea that cancer is an emergency that can only be met by all-out effort."

In making public the preliminary report, Colonel Ayres said: "The nation-wide results demonstrates once more what can be accomplished when neighbors get together to tackle a community problem. For cancer is a community problem, since statistically it strikes two out of three homes. That is why our volunteers were just as busy distributing free life-saving information as collecting funds."

"It is in the best tradition of American get-togetherness that these volunteers operate. One thing is certain... by bringing our life-saving literature into practically every home, more and more adults will turn to regular health checkups as the best safeguard against cancer."

The Society's educational and fund-raising drive began April 1 by Presidential Proclamation, Cancer Control month, and sought some \$30,000,000 nationwide to sustain the momentum of the fight against cancer on the three fronts: education, research, and service. Speaking of funds, the Unit reminds residents of Warren County that 60 per cent of the money raised here will stay right in our State. Obviously the more money raised, the more we have for local and state service programs, as well as for research support at national level.

The Warren County Unit, ACS appeals to every good citizen who hasn't sent in his contribution, to do so now, to finish this annual life-saving Crusade with a record we can all be proud of, and surpass the expected goal.

Movies of Alaska Enjoyed By Vets At State Hospital

Motion pictures of their hunting and fishing experiences in Alaska were shown by Atty. Henry Onofrio an Russell Quinn, both of Bradford, before 124 patients in Warren State Hospital, Saturday evening. The patients, all veterans of the U. S. Armed Services, were guests of the Cooties, Cootiettes and Dads of Foreign Service Veterans.

Messrs. Onofrio and Quinn showed their first series of pictures several months ago at an earlier party for the veterans, and the movies shown on Saturday were an entirely new layout. Following the pictures, the veterans enjoyed a luncheon and were served cigars, cigarettes, tobacco, candy, and given their choice of a large collection of magazines.

Commander Lee Fitzpatrick of Hay Rake Pup Tent 40, Military Order of Cooties, was accompanied by Axel Nasman, Senior vice commander and hospital chairman; Ike Dunkle, junior vice commander; Stanley Bullock to Bradford, chaplain; Hjalmar Forsgren, officer of the day; Lowell McCann, past commander. Supervisor Pete Bakter, hospital advisor, was in charge of the event.

President Blanche Lytle of Hayseed Cootiettes Club 302, had four other officers on hand: Carmela Manfrey, junior vice president; Minnie Townley, conductress; Gertrude Fitch, district president; and Ann Dunkle, trustee.

Post 119, Dads of Foreign Service Veterans, was represented by John Casses, president; William Weaver, junior vice president; Norm Kuhre, past state president; Ernest Springer, chaplain; Harold Cameron, secretary; Merle Gates, sergeant-at-arms; A. C. Eickenburg, trustee; and Louis Mathis, member.

Charles Phillips, Bradford veteran of the Spanish-American War, who never misses one of these parties, was 86 on Saturday. Later in the evening he was honored at a party at the VFW club.

Warren, Pa.

Dear Sir:

Last Saturday we accidentally set our woods and adjoining property on fire from a backfire of our tractor. Being a very windy day we could not stop the fire by ourselves so called for help. Within minutes the Starbuck Fire Department was on the job with North Warren standing by. With very efficient men and equipment, what could have been a very disastrous thing, was under control in a couple hours.

We would like to express our gratitude to all the firemen, friends and neighbors for their concern and a job very well done.

Sincerely,
Bob and Priscilla Sidon

A.P. Death Record

NEW YORK (AP)—John Gillespie Jackson, 79, corporation lawyer who had been President Eisenhower's personal lawyer and golfing partner, died Monday. He was a former president of the New York State Bar Assn., director of many companies and a leader in a number of civic activities. He was born in Middletown, Conn.

KANSAS CITY (AP)—Dr. Eugene Altschul, 72, professor emeritus of economics at the University of Kansas City, died Monday after a brief illness. Chinchilla for Milady

Lyle Lide, professional model, left, and Rita La Roy, charm and style authority, wear gorgeous chinchilla capes, product of the Williams Chinchilla Ranch. Frank Williams, owner of the ranch, admires the two lovely garments. Former pressman for the Warren Times-Mirror, Mr. Williams now resides in Inglewood, Calif., and he says the women all go wild over the soft fur, but the average working husband can't afford to buy it. Describing the capes in the above picture, Frank points out that the girl to his right, wears one that cost \$5,000, with 34 perfectly matched skins, while the one on his left models a \$1500 style. Lucille Ball, of the "I Love Lucy" show, just purchased one that cost about \$5000. One reason chinchilla wraps are so expensive, it sometimes takes about 200 skins before 20 or 25 pelts can be picked out for a fur piece. Frank, whose visits home are always enjoyed by the staff of this paper, plans to re-visit the old home town again about May 1960. — Daily News Photo by Don Marshall.

RADIO and TV

By CHARLES MERCER

AP Radio-Television Writer
NEW YORK (AP) — The vast American summer theater is cooking a straw-hat to attract television performers.

They plan to go in droves this summer—many for the experience of playing roles they never get on TV, some for the money. The American public will come in droves to see them. Some summer theater managers maintain television has been a tremendous boost to their business.

One of these is John Kenley, director of one of the nation's most successful summer playhouses in Warren, Ohio. From June 16 through mid-September he packs 'em in a 2,600-seat auditorium at 90 cents to \$2 a head. His theater is strategically located in an area roughly bounded by Cleveland and Akron, O., and Erie and Pittsburgh, Pa.

"There are five million people in that area—all of them watching TV every night."

"Jack Paar is keeping all of

Ohio awake, for example. They used to be 11 o'clock towns, but now they've become one o'clock towns."

The people who flock to summer theaters want to see performers they've met on television, Kenley says.

The most popular performer of recent seasons in his theater, he believes, is Genevieve, who apparently took Ohio by storm as a result of her appearances on the Paar show. Kenley paid her \$7,000 a week to play Warren last season. She's returning there this summer.

Among others he has lined up for this summer are: Peggy Cass playing in "Born Yesterday" ("She's popular not because of what she did in 'Auntie Mame,' but because of the Paar Show"). Jaye P. Morgan in "Bells Are Ringing." Virginia Mayo and Michael O'Shea in "Tunnel of Love." Dick Shaw in "The Seven Year Itch." Deborah Paget in "Pajama Game." The list is long and impressive.

Veterans News

QUESTIONS AND ANSWERS

Q—I have a dental condition which resulted from an injury on maneuvers while in service but for which I am not entitled to receive compensation. Is there any deadline in my case for applying for out patient dental treatment?

A—No. Veterans whose service-connected noncompensable dental conditions or disabilities resulted from service injuries may apply at any time and receive as many treatments as are needed.

Q—I'm a Korea veteran going to school part-time under the GI Bill. To help me plan my school program to get in courses I need for graduation credits, please tell me how long a time I have to complete my training.

A—You have eight years from the date of your discharge to complete training under the Korean GI Bill. But you may not train beyond January 31, 1965.

Q—Because of financial difficulties I'm finding it hard to make the payments on my

World War Two permanent plan GI life insurance. Could I change to some permanent plan with a lower premium?

A—Yes. That is possible. For example, if you are now paying on a 20-year endowment policy you could change to ordinary life. This is different from the wording on your policy which says no change is possible. However, the law governing the wording on your policy has been changed.

Q—I receive a monthly compensation check from VA for a disability incurred in Korea service. Does this automatically entitle me to vocational rehabilitation training?

A—No. The law requires that a disabled veteran be in need of vocational training to overcome the handicap of his disability. If need should be established in your case, you would be permitted to train.

When today's hand was played in an important team match one team stopped at four no-trump and made five while the other team arrived at six clubs, down one.

The hand was the subject of considerable comment because six clubs was obviously the poorest slam contract. Six no-trump would make with either the heart or club finesse working and six hearts was just about as good. On the other hand any bad trump break would ruin the club slam.

Finally, someone came up with an unusual angle. No bidding system anyone could devise would get North and South to six spades. Yet, six spades

News of Hollywood

By BOB THOMAS

AP Movie-TV Writer

HOLLYWOOD (AP)—Viva Gina! The Lollibrida doll has finally made it to Hollywood for a movie — "Never So Few" with Frank Sinatra and Peter Lawford. She has proved a delightful interview subject, speaking without inhibition about such matters as—

Brigitte Bardot: "I like her very much. I think she is very sexy. But I could not do what she does — appear in the nude. I have never done it and never will."

Italian taxes: "I pay. Oh, how I pay! I pay more than anyone else in the entertainment field. No, I do not pay happily. I would do so if I knew that everyone else paid what they should. But the industrialists—they pay only a fraction of what they really owe. No one criticizes them because they control the newspapers. One big publisher declared as tax the same amount he paid me to appear in a movie for him. How could that be?"

Sophia Loren: "I know the journalists have tried to work up a feud between us. It is not true. There is no feud."

Howard Hughes: "Howard Hughes!"

The mention of that magic name is apt to evoke a spate of Italian invective, plus some American cuss words she claims she learned from Hughes himself.

The reason for Gina's ire is a contract which she signed with Hughes when she was virtually unknown in 1950.

"Not a contract, but an option," she explained. "It was enough to keep me from working in Hollywood. All the big studios were afraid to combat such a powerful man as Hughes. They wouldn't hire me. Even today, people here say to me, 'Gina, how can you work for MGM when you belong to Howard Hughes?' The option expired two years ago."

"He even tried to prevent producers in Europe from hiring me. But he could not scare them."

Temperature-Tamed Viruses
New Approach of Scientists

By FRANK CAREY

Associated Press Science Writer
WASHINGTON (AP)—Temperature-tamed viruses were suggested as a possible new approach to developing vaccines against unconquered viral diseases.

Experiments have shown that some strains of virus can be developed to grow best at higher temperatures and others at lower readings, Dr. Albert B. Sabin reported. Their potency can be made to vary accordingly, he added.

Dr. Sabin, a nationally known researcher at the University of Cincinnati College of Medicine, prepared his report for the annual meeting of the National Academy of Sciences.

He said the findings might open the way to such things as:
1. Developing improved strains of virus for use in the recently developed polio vaccines of the "live virus" type.
2. A live virus vaccine contains

viruses that have not been chemically killed. Instead, they have been so weakened that they are unable to cause infection. They retain enough power, however, to excite the creation of antibodies, which can give a person immunity to a disease.

2. Developing weaker strains of the viruses responsible for a variety of human and animal diseases against which there are no vaccines at present. The idea would be to use the tamed viruses in vaccines.

Dr. Sabin is one of the developers of the still-controversial "live virus" vaccines against polio. These have not yet been approved by the Public Health Service for extensive field-testing in this country.

He said the new findings about the genetics of polio viruses were an outgrowth of the research that produced the viruses now employed in such "live virus" vaccines.

Sixth Avenue Crowds
Excited By Runaway

NEW YORK (AP)—People along Sixth Avenue Sunday night stopped and gaped at a rare sight—a runaway horse and a hapson cab.

The cab, which usually carries couples on leisurely trips through Central Park, was drawn by a 14-year old gray horse named George.

George was waiting for passengers at a park entrance when he was startled by a car backfire and went clattering down the avenue, leaving his driver behind.

The empty cab was smashed

as George bolted between two parked cars. George was caught some distance away, shaken but unhurt.

CAMP BIRDSALL EDEY OPEN HOUSE

Attention is called to an article elsewhere in this issue outlining plans for an open house to be held next Sunday afternoon, May 3rd, from two until six, at Camp Birdsall Edey, at Grunderville.

Those in charge have arranged the event with the idea that it will give new Girl Scouts, Brownies with their parents and others interested in Scouting, an opportunity to become better acquainted with the Camp and its wonderful facilities, located just across the Allegheny river from Starbrick, reached from Pleasant township, or from the Warren-Tidioute road just south of the intersection of Routes 6 and 62, at Irvine.

"OPERATION FRIENDSHIP"

"Out of sight, out of mind" is an adage which can no longer be applied to the problem of mental illness. Last year more than 6,000 Pennsylvanians were admitted to a state mental hospital for the first time. It is estimated that one out of every ten children born each year will need treatment for emotional or mental illness during some time in his life.

Mental illness is no longer regarded as a fearful visitation by evil spirits, to be cured in an actual snake pit. Mental illness might come to any one of us, our family, friends, or neighbors. Doing something for those who become ill is therefore our collective responsibility.

This year, Mental Health Week is being observed from April 26 to May 2, and will feature "Operation Friendship", a project aimed at bringing visitors to the state hospitals. This year, Warren State Hospital will hold Open House on Saturday, May 2.

This will give the people of this area an opportunity to see for themselves what goes on in the state mental hospital, and to learn how they can help to provide the best care possible for those who have been hospitalized. Continued improvement in the care and treatment of the mentally ill should be supported by informed citizens.

"With your help, the mentally ill can come back," is the hopeful slogan for Mental Health Week. Visit the Warren State Hospital and learn how you can help.

Congratulations are extended today to Editor Ed Byrne and employees of the Jamestown Sun on the occasion of the tenth anniversary of the breezy morning tabloid which serves folks in our neighboring city.

WORLD TODAY

By WILLIAM L. RYAN
 Associated Press News Analyst

WASHINGTON (AP)—There's no soothing syrup in the events ahead. The trip to look for whether Nikita Khrushchev can do the Western Allies any more damage than he's already done.

With no more expense than the wind it took for some speeches and statements he split the Allies a bit on how to handle his demands for a "free" West Berlin, a peace treaty with the two Germans, and a few other things.

The Allied reaction ranged from don't-budge-an-inch stand of France and Germany and the stern American hold-the-fort attitude to the flexibility advocated by Britain.

Today the four Allies' foreign ministers—including Secretary of State Christian A. Herter—gather in Paris to decide how they will answer the Soviets when they meet with May 11 in Geneva.

The Geneva session is supposed to be preliminary to a summit meeting.

No doubt the Allies in Paris this week will iron out their differences—so far as is visible, anyway—if for no other reason than because they have to.

They can't afford to be obviously divided when they sit down with the Soviets in May. It would not only mean a Khrushchev victory but might cause an irreparable split among the Allies.

It's quite likely the Allies will come out of their Geneva talks in good shape—in the sense of being lined up together on whatever answers they have for the Soviets.

The real test of their solidarity will come at the summit. The unpredictable Khrushchev may have already conjured up summit proposals intended not to get solu-

tions but to split the Allies wide open.

A great many explanations have been offered as to why Khrushchev last November first made his demands.

For instance, it has been suggested that he wanted to distract the West while communism was taking over Iraq in the Middle East; that he somehow hoped to neutralize West Germany and thus clinch his grip, without worry, on the satellites.

All these things may have been in his thinking but it's possible he also thought something like this:

"I can't lose by making demands. If I don't get any place, I won't be worse off than I am now. But maybe I can find some weak spots in the Western alliance, create differences, weaken it a bit."

One of the weak spots, of course, is a natural, human desire among West Europeans to avoid a crisis which might lead to war with the Soviet Union which seems at the moment capable of blasting Western Europe off the map with missiles.

It is also natural that the various groups of West Europeans would vary—as they seem to be doing—in their reaction to Soviet demands and pressure.

No wonder, then, that the West, including the United States, has been on the defensive in this situation with Khrushchev. It has not once sought to take the initiative away from him.

It has sought, instead, how to answer him. He may be able to do damage at the summit if—in order to split the Allies—he makes concessions to one of the Allies that seem repulsive to another.

Look Who's Protesting

Here and There

Hundreds of residents of 13 counties in northwestern Pennsylvania are expected to visit the Warren State Hospital at North Warren to participate in "Operation Friendship", a community-wide program to bring at least one visitor to the institution for each patient. "Many of the patients" says one of the officials, "have no visitors for years; some only rarely. It is hoped that 'Operation Friendship' will be able to stimulate all members of the community to show the less fortunate citizens that they do care about them, and they will be welcomed upon their return." He says "it is hoped that through first-hand observation of the local Hospital in action, citizens of the community will gain a clearer insight into the problems of mental illness, the vastness and completeness of modern treatment programs, and their individual responsibility to patients upon their return to their homes."

Open House ceremonies will be conducted at the hospital on May 2, 1959 at which time special tours of patient activity areas will be conducted; exhibits of patient arts and crafts will be shown; and pertinent phases of the care and treatment programs explained by hospital staff personnel. In commenting on Operation Friendship, John E. Davis, M.D., Commissioner of Mental Health in the state Department of Public Welfare said: "A recent report indicates that of the 49,745 patients on the rolls of our mental hospitals, over 11,000 are on leave of absence and are presently in their homes trying to regain their place in our society. It is vital to their recovery that everyone in the community take an active part in helping in their reorientation to life. Increased technological advances in current use throughout Pennsylvania's mental hospital system have resulted in the return of from 60 to 80% of new admissions to their homes within 60 to 90 days. It is hoped that by visiting the local institution, by seeing what can be done to cure the mentally ill, the citizens will realize

the important part they can play in the overall mental health picture of the Commonwealth. It was once said, 'The truth shall set you free.' It is my earnest hope that the truth about mental illness and the mentally ill will set free a new world of hope and optimism for all who now are, or will ever be, mentally ill."

This is an excellent time to reprint an article from the April 26, 1959, issue of the Warren Evening Mirror which appeared under the heading "Riverbank Improvement." It says: "The resumption of the adornment of the river bank between the suspension and P. & E. bridges occurred Monday morning. The gentlemen who have taken such a deep interest in the project during the past two years, propose extending the beautification by planting trees and shrubs, making flower beds and placing seats at various places. The cinder path will also be completed during the coming summer. Other more important improvements are contemplated, but lack of sufficient funds prevents their execution at the present time. The several hundred dollars already expended have been raised by subscription. The contributors are men who have at heart the interest of the community and reap no personal gain therefrom. They believe that the improvement of this stretch of bank, which has been referred to by some as the front yard of the town, will redound greatly to the benefit of the community. The improvements are certain to impress strangers favorably and will thus prove of inestimable value. The work thus far accomplished, however, is worthy of the task if for no other reason than the pleasure and recreation afforded the residents of the community. The work cannot fail to impress all lovers of nature and it should be encouraged in every way possible."

Here's a paragraph from the "Reflections" column that will interest members of St. Joseph's parish: "The congregation of St. Joseph's church propose to erect a parochial residence this summer and the project is already well under way. At a recent meeting of the congregation a committee of five was appointed to solicit funds, obtain plans, etc. This committee will meet next Sunday at which time it is expected that final arrangements will be consummated. The structure will probably be of brick and will be located near the present residence on Fourth avenue."

And finally: It was sixty years ago last week that The Mirror carried this item concerning High School athletics: "The Warren High School Athletic Association met Monday and adopted a constitution and bylaws. The officers elected were: President, Harry Neily; vice president, Joe Moore; secretary and treasurer, Ed Schwing; manager of the baseball team, Clare Berger; manager of the tennis club, Benjamin Ball; manager of the track team, George Belts; manager of the basketball team, Leon Ensworth; manager of the football team, A. B. Vera. It was decided to hold a field day tournament either here or in Bradford some time during the month of May."

SQUEAKY BREATHING IN BABIES

Many mothers are concerned with the way the new baby breathes, especially when the respirations are rapid or irregular. These variations can be expected because the lungs are not fully expanded during the first few days of life. A fairly regular rhythm is soon established.

Some youngsters develop squeaky breathing when they are two to three weeks old. The noise occurs only during inspiration and is most pronounced when the baby is excited or crying. The parents become worried when the condition continues, more so when it gets louder.

But the noisy breather is in no distress, even though the respiratory crow gets louder and more noticeable. The skin seldom turns blue and the voice is normal. Gradual improvement occurs during the latter half of the first year and the youngster is well by his second birthday. These infants have congenital laryngeal stridor. There is partial obstruction in the upper air passageways and the sound is produced when the inhaled air is forced through the narrowed windpipe. Exhaling is easy and quiet.

The cause is not known except that there is a delay in the development of the tissues of the respiratory tree. The structures have not acquired the stability to withstand the forces of fast breathing. The airway vibrates in the breeze like a soft rubber tube when air is forced through rapidly.

The physician should be consulted, however, because other types of stridor may not have as happy an ending. In some instances the noise stems from the vocal cords which are partially paralyzed or handicapped by a wartlike growth. Vocal changes are more noticeable than are breathing changes and the obstruction does not improve with age. X-rays may be needed to determine whether a chest tumor is pressing on the windpipe.

TOMORROW: Surgery and cure.

OPERATION STILL NEEDED
 D. J. writes: Is it true the cataracts are dissolved now rather than removed by operation?

REPLY
 No. An enzyme is available to dissolve the ligaments that hold the lens in place. But this procedure will not eliminate the clouded lens; it must be removed surgically.

BOOKS ON TB

L. K. writes: Are there any books on tuberculosis that a victim of this disease could read with profit?

REPLY
 Yes—send a stamped, self-addressed envelope for a list of such books.

OBSESSIVE BEHAVIOR

Mrs. M. M. writes: A friend of mine has a relative who, before going to bed every night, chips the paint off some part of the wall or mars the furniture. Don't you think he has paranoid tendencies?

REPLY
 No. The person with a paranoid personality has abnormal fears that others are trying to harm or kill him. This man is acting like a child or a feeble-minded individual. It would be interesting to know the reason for this strange bedtime ritual.

INDIGESTION

E. D. writes: When I smoke a cigarette in the morning I get heartburn. Could this mean I have ulcer?

REPLY
 No. Apparently nicotine increases the acid content of the stomach to such an extent that heartburn ensues.

SLEEPYHEAD

M. D. writes: Could low blood pressure make me feel sleepy and yawny most of the time?

REPLY
 No, but whatever is lowering your blood pressure also may be responsible for your fatigue.

Business Mirror

Editor's note:

Why do Swiss banks hide the identity of their depositors? Sam Dawson, AP business news analyst, has the answer in this dispatch from Geneva today. Dawson is touring Europe.

By SAM DAWSON

AP Business News Analyst

GENEVA, Switzerland (AP)—

Swiss bankers are making a good thing today out of international banking and stock buying for anonymous clients.

But the Swiss aren't too happy about some of the consequences, such as conflicts with the American government and the watchdogs over American securities markets because Swiss law veils all their depositors in secrecy.

Bankers here are particularly bitter about three charges well rooted in the American public's mind:

1. That the banks often don't know who is making use of them—possibly even the Communists.
 2. That the banks vote proxies on American stocks they hold for anonymous clients engaged in raiding U.S. corporations.
 3. That the banks offer Americans a chance to evade U.S. income taxes.

Top executives of the three largest Swiss banks have said in interviews that all Swiss banks refuse any deposits until they know who the client is and have checked on him thoroughly. This is true,

they say, even when the account is carried on the bank's book as a number rather than a name (to give the depositor further secrecy from the banks' clerical staff).

But American officials point out that a known depositor could be acting as a cover-up for someone else. The Swiss reply that such a person could act similarly for another in dealing with brokerage firms in the United States.

The Swiss law forbidding banks to name depositors was passed Nov. 8, 1934. The Swiss say it was because in the years of bank shakiness a bank failure might ruin a depositor if his name were revealed.

Because of charges of corporate raiding through proxy voting, two years ago the Swiss Bankers Assn. secretly directed all its members: If a depositor asks you to vote, his proxies against corporate management, tell him he must avoid the shares openly and vote them in his own name.

American officials agree that all respectable Swiss bankers are following this directive. They say only a few shady banks may be doing otherwise now. They add that in a recent securities scandal in the United States (involving Alexander Guterman) the only Swiss bank mentioned was owned by an American.

Top Swiss bank officials insist that they never vote corporate proxies held by their agencies in the United States.

Annual Art-Music-Speech Festival For Elementary Schools Thursday

Parents of elementary school pupils in Warren borough, to whom tickets of admission have been distributed by participating youngsters, will enjoy the annual Art, Music and Speech Festival in Beatty Junior High School auditorium Thursday evening, starting at 7:30 o'clock.

Opening the program will be the Sixth Grade Chorus, representing all the grade school buildings and prepared by their teachers, Alice Anderson, Pat Lilla, Vada Kyler, Marguerite Fleming, Eugenia Volkman, Angelo DeMino, Ruth Bannan, Lois Byham, Paul Mutzbaugh, and Vaura Schuler.

Selections to be presented by this group will be The American Hymn, by Matthias Keller; May Song, Danhauser; Three Round Frolic, Scholins; and My Wild Irish Rose, Olcott.

Next will be heard a Song Story, The Three Billy Goats Gruff, second grade at Home Street School, taught by Joan Kondak.

Comprising the Rhythm Band will be Rosa Lee Sprague's second graders from East Street building, playing Ratanplan, by Donizetti; Serenata, Moszkowski; Le Secret, Gaudier.

Alta Vogle, third grade instructor at East Street School, will present her group as a Bell Choir, singing Springtime, Donkey Riding, Wonderful Weather For Ducks, and Who Will Come With Me?

Switching to instrumental music, a Tonette Ensemble will play Alma Mater, Holiday March, Rowing to Camp, Spring Garden, and Marine Hymn. These participants will be fourth graders from Lacy School, taught by Avenell Anderson and Frances Peterson.

Appearing under the direction of Harry A. Summers, Richard Caldwell will play a trumpet solo, Regal; Judy Lundahl and Margo Miller will play an oboe duet, to be announced; and a String Ensemble will play three compositions: Country Dances, Beethoven; Andante, from Iphigenia in Tauris, Gluck; Jolly Coppersmith, Peters.

Robert Johnson, sixth grader at Jefferson School, has authored original skit, People on the Street, which will be performed by other pupils of his class under the direction of Mrs. Volkman.

Returning to the vocal field, the Sixth Grade Chorus will make a second appearance to sing the following: Sweet Betsy from Pike, American folk song; Hul-a-ba-lu Be-lay, arranged by Stuart Churchill; When de Saints Come Marchin' In, arranged by Wayne Howarth; and Night, by Franz Abt.

The entire program will be under the direction of James Hill, Howard Andersen and Paul Volkman, art, music and speech supervisors, with Mr. Summers as instrumental director.

Gail Cowan, student-instructor from Edinboro State Teachers' College, will be responsible for the display of art work and decor for the entire evening; William Oelslager, of Beatty faculty, will manage the stage crew; Paul Myers, also of Beatty, will supervise the parking lot; ushers, teachers and PTA aides will work under June Andersen; Sally Kinch and Lois Byham, East Street School, have arranged for tickets and programs.

Irvine Presbyterian Ladies' Aid Meeting

The regular meeting of Ladies Aid of Irvine Presbyterian church was held at National Forge Clubhouse, with 19 members and one guest in attendance. Mildred Vicander, president, conducted the session on the topic, "Friendship," Union recital of the Lord's Prayer followed Scripture.

The following ladies were in attendance at the merger meeting of Lake and Erie Presbyterial Society on April 24 at Bradford: Evelyn Clark, Mildred Munson, Mildred Vicander and Alyce Murphy. A contribution was voted to the Red Cross.

Theresa Coan and Jesse Lightner, program chairman, presented Gudrun Ebsen, a foreign exchange student from Germany attending Warren High School, who told of her life in her native land, also of her stay and impressions in the United States.

Hostesses were Bertha Patch and Betty Huselton, who served refreshments from a table decorated with a theme depicting "April Showers", followed by a social hour.

Next meeting will be held the same place on May 21, with Helen Anderson and Jesse Sandberg as hostesses.

Invitation to Open House at Camp Birdsall Edey Includes All Ages

New Girl Scouts and Brownies, with their parents and all others interested in Scouting, may become better acquainted with Camp Birdsall Edey at Grunnderville when open house is held there from two until six o'clock next Sunday afternoon, May 3.

It is hoped parents will don their hiking clothes and take their families for a drive to the beautiful camp site on the Grunnderville road. The camp lies just across the Allegheny River from Starbuck, and is reached from Pleasant township, or from the Warren-Tidioute road just south of the intersection of Routes 6 and 62, near Irvine.

Present appearance of the buildings belies their original purpose. Built as a transient camp in the early thirties, it was used only a few years and, within the decade, the Scout committee leased it from the U. S. Forestry Department, which still oversees its development.

As one enters the grounds and leaves the work-a-day hillsides and the recently-sided buildings come into view, the dining hall with its large stone fireplace, staff quarters, the play house and the old homestead.

Farther down the trail are the bath house and swimming pool, one of the nicest swimming spots in this area. Through the generosity of Warren Kiwanis Club, the pool has been kept in excellent repair, having had two of its sides rebuilt recently and a filter system added last summer. The shallow end accommodates the smallest Brownies and the diving board is a boon to girls working on swimming badges.

To the left of the pool and up the hill are the tent sites, Camp View, Pipeline, Mountain, and Skytop, these units having been built when the old barracks were no longer adequate. The hill is steep, but a slow walk to appreciate the beauty of the mosses, woods flowers, and tall, straight trees makes the climb a pleasure.

A group of Intermediate Scouts will be on hand Sunday to escort the public over the grounds, and Miss Ardelle Johnson, director for this year's Established Camp, will be present to meet campers, prospective campers and their parents.

Miss Sally Deisroth, director for both Brownie Day Camp and Troop Camp and a new-comer to Warren-Forest Counties Council, will greet the visitors, as will Miss Ursula Johnson, Scout executive.

DESSERT-CARD PARTY

A dessert-card party will be held in Irvinedale School at 8:00 p. m. Wednesday. The affair is sponsored by the PTA, which asks the support of all its friends.

HOSPITAL AUXILIARY

Warren General Hospital Auxiliary will hold its regular sewing and business meeting Friday in the hospital library. The sewing session will begin at 1:30, followed by the business meeting at 3:00, and all members are asked to attend.

Charles Lanes Are Open House Guests

A charming "Open House" affair marked the 25th wedding anniversary of Mr. and Mrs. Charles P. Lane recently, the observance being arranged by the couple's children, Karolyn, William, Louanna and Alyse.

Mr. and Mrs. Lane were married April 12, 1934 by the late Rt. Rev. Pinkney Wroth in Trinity Memorial Episcopal Church.

Mrs. Lane received her guests in a blue lace dress with matching accessories and white orchid corsage. A decorative white and silver table was centered by a six-tiered wedding cake made and served by Mrs. Robert Holmes. Barbara Linden and Rebecca Templeton assisted.

Other aides were Mrs. Richard Hedman and Mrs. George Eberhardt, Warren; Mrs. Warren Anna, Reno; Mrs. Arthur Somerleigh, Winana, Canada with Mrs. Russell Templeton in charge of the guest book.

The honored couple, who reside on Riverside drive, received many lovely cards and gifts from friends and relatives. Phone calls were enjoyed from Mr. and Mrs. Kenneth Merritt of Livonia, Mich. and their son, William, a student in Chicago, who was unable to be present.

Out-of-town guests were: Mr. and Mrs. Arthur Somerleigh, Winana, Canada; Mr. and Mrs. E. B. Lane, Toledo, O.; Margaret Greenwalt, Oil City; Mr. and Mrs. Warren Anna and son, Kirk and John, Reno.

President, Mrs. Clifford Storms; vice president, Flossie Broughton; recording secretary, Mrs. Harold Barnes; treasurer, Mrs. Gerald Miller; secretary of promotion, Mrs. Burt Schoonover; social relations, Mrs. Stanley Meelen; children's work, Mrs. Edwin Young; Spiritual Life, Mrs. Ethel Bloomster; supply work, Mrs. Hobart Sanders; missionary education and service, Mrs. Alvin Rhodes; student work, Mrs. Leonard Briggs.
Miss Broughton, vice president, conducted the meeting. Committee announced for the mother and daughter banquet May 6—Mrs. Hobart Sanders, Mrs. F. A. Schoonover, Mrs. Jesse Thompson, kitchen committee; Mrs. Clarence Sherrard will have charge of the dining room, with men of the church serving.
Committee for the family night supper May 13 will be Mrs. Dorothy Briggs and Mrs. Hobart Sanders. A gift of \$4 was made to the church memorial fund for Mrs. Walter Storms.
Mrs. John Anderson and Mrs. Dorothy Briggs were program committee with the former conducting devotions and the latter presenting the study on Mexico.
Miss Broughton attended the annual district meeting at Kane April 15. Those attending the tea at the St. Elmo in Chautauqua April 17 were Mrs. Gerald Miller, Miss Broughton and Mrs. Harold Barnes.

Oddities in the News

WEST WARWICK, R. I. (AP)—Cocktail lounges are getting as perilous as the jungle.
Norman Affleck's right ear was bitten by a 10-inch alligator in such an establishment early today when he tried to pet the reptile, kept by the management as an attraction.
No, it wasn't a lounge lizard.

CHARLESTON, S.C. (AP)—Authorities fear that children may be playing with deadly Civil War shells carted away from Ft. Sumter during the weekend.
The shells, dug up by workmen last week, can be touched off by a spark, heat, friction or a shock.
About 50 shells were found, and the ammunition was to have been stored Monday.

But the shells were gone when workmen arrived. W. L. Luckett, superintendent of Ft. Sumter National Monument, said 14 of the shells were turned in by parents who found their children playing with the ammunition.

PORTLAND, Ore. (AP)—Visitors here this summer for Oregon's 100th birthday will be offered a special meal: bisonburgers.
Twenty-two Montana bison arrived Monday at the Portland Union Stockyards. The shaggy beasts will be fed, fattened, slaughtered and ground into bisonburgers.
The special burgers will be served at the 100-day Oregon Centennial Exposition & International Trade Fair that opens here June 10.

SALEM, Ore. (AP)—The burden inflation casts on the county jail prisoner was recognized here Monday.
The Oregon House of Representatives passed and sent to the Senate a bill to allow prisoners to serve time at the rate of \$5 a day rather than the present \$2 a day rate.

LOS ANGELES (AP)—A motion picture bit actress despondent over facial scars resulting from a traffic accident tried to kill herself Monday, police reported.
Molly Dunne, 36, received emergency treatment after swallowing a bottle of sleeping pills. Her condition was described as not serious by hospital authorities.

LOS ANGELES (AP)—It's very crude to discuss bosoms, says buxom actress Anita Ekberg.
Arriving at Los Angeles International Airport Monday, the Swedish actress was asked by a reporter: "Do you think that Europeans, especially the men, were more bosom conscious than Americans?"
The reply: "Why, they don't consider that over there. Besides I think it's very crude of anyone to bring that subject up."

BUSINESS BRIEFS
SAN FRANCISCO (AP)—Tide-water Oil Co. plans to buy seven new supertankers with 92 million dollars borrowed from a large life insurance firm. The vessels, ranging from 68,000 to 72,000 deadweight tons, are scheduled for delivery in 1961 and 1962.

NEW YORK (AP)—The International Telephone & Telegraph Corp. Federal Division won \$11,400,000 Air Force contract to produce missile and ground support equipment for the North America Sage Defense Network.

DETROIT (AP)—Chrysler Corp. unveiled a 2½ ton capacity aluminum truck built for the Army. The vehicle, undergoing tests at Ft. Bragg, N. C., is lighter fully loaded than the present 2½ ton Army truck is empty, Chrysler said.

DETROIT (AP)—Stockholders of National Automotive Fibres, Inc., voted to change the firm's name to Nafi Corp.

Cellar of Court House Takes on New Appearance
County Commissioners L. L. Johnson, Blaine Mead and Lewis Crippen, have begun what is hoped to be a complete renovation of the court house basement.
A large storage room on the north-west side of the basement has been painted and relighted and now rooms the mapping office and assessment records.
The office is a credit to the court houses and provides a modern, comfortable office for assessment personnel.
Across the hall is a smaller office of the chief assessor and personal property. The offices were formerly on the first floor across from County Treasurer.
Although no definite plans have been made to "fix up" remainder of the basement, it is a proposed project. When completed, there will be about nine or 10 additional offices available.
Stairway and hall leading from the first floor to the assessing and mapping offices, is well lighted, making an "attractive and creditable appearance" to the basement.

Hospital Emergencies
Isidore Trager, 7 West St. Clair, lacerated first left finger.
Dorothy Loney, RD 2 Warren, lacerated hand.
George Hart, 227 Pennsylvania ave. west, injury to chest.
George Mattison, Jr., RD 2 Warren, fractured left wrist, puncture left foot.

Marriage Licenses
Donald Eric Dutcher, Clarendon and Joann Elizabeth Martin, Warren.

Plaque Presented Warren Co. Motor Club Is Displayed

The plaque presented to the Warren County Motor Club by the American Automobile Association, Washington, D. C. for membership achievement is displayed in the Warren National Bank window on Liberty Street. The award was based on the following record:
1. 4062 members which is 5% of Warren County car registration.
2. New member increase 3%.
3. Membership renewals 85% or better.
4. Total membership increase 300 over 1957.

The Warren County Motor Club is justly proud in having been presented with this plaque being one of only twenty-seven Motor Clubs in the United States to be so honored.

The Pennsylvania Motor Federation is the largest State Motor Federation in the United States having 55 Motor Clubs with over 600,000 members, three of these Pennsylvania Clubs won this coveted award Warren County Motor Club being one of the three.

This is an honor not only to the Warren County Motor Club but also to its over 4000 members and all of the car owners in Warren County.

Many Have Chests X-Rayed During Mobile Unit Visit

Warren County Tuberculosis and Health Society, sponsored by Warren Lions Club, completed a very successful week of chest x-raying in Warren county.

Juniors and seniors in five high schools and the public in five towns were reached by the mobile unit on this visit. Schools visited were Eisenhower, Tidoute, Sheffield, Youngsville and Warren; communities where a set-up was made were Russell, and Warren.

More towns will be visited in the fall, when the mobile equipment returns in October to offer free chest x-rays to the public. A complete program will be announced at that time.

Officials of the Society report there were 2,628 persons who availed themselves of the opportunity of receiving a free chest x-ray at this time. In addition to the x-ray program, the Society gave the Mantoux Tuberculin Test to 594 pupils in the third and seventh grades in Warren borough schools. Tuberculin testing in county elementary schools will be continued after school resumes in the fall.

Yanks Open Western Tour Resting in 2nd Division

By ED WILKS
Associated Press Sports Writer
Not since 1952 have the New York Yankees been a sub .500 ball club going into their first meeting with the west in an American League pennant race. But that's the way the defending world champions stand as they open a 10-game western tour at Chicago tonight.

and a four-game losing string send Bob Turley (1-2) against the White Sox' Ray Moore (0-1).
With his Yankees below .500 for the first time at any stage of the race since 1954, Manager Casey Stengel conceded that "a lot of things are wrong, and I just gotta do something." One move might be the return of Gil McDougald to shortstop, with Tony Kubek going to the bench.
McDougald has been out of the lineup for more than a week, after being hit on the hand by a pitch. Kubek, whose Army discharge came shortly before the season began, apparently was the man Stengel had in mind when he mentioned that "too many grounders are getting between third and short."

The Tigers, who had been expected to claim a first division spot, were given a pat on the back by Manager Bill Norman despite the frustration of a second six-game losing streak. "It's almost amazing," he said, "how these guys are holding up. They haven't been pretty, and they know it. But they haven't quit."

After numerous switches in the outfield and first base, plus batting order shakeups, Norman admits "nothing works. It looks like we are snake-bit."

Shooters End Season; Banquet to Follow

Warren Revolver League wrapped up their final regular season shooting Monday evening in the court house. A banquet will be staged for the group, possibly in about three weeks.
Ed Schmatz was high scorer for the evening last night with a 273. Top three were:

Progress to Long Clubs

(Tenth of a series written for Times-Mirror and NEA Service.)
By DOW FINSTERWALD
PGA Champion
I start warming up with a short iron such as the No. 8. The swing is short and body motion is minimized. As you progress to the longer clubs such as the driver, the backswing and follow through become more extended with a resulting increase in body activity.
Four clubs are adequate in the practice area. The No. 8, 5 and 3 irons and the driver are a satisfactory assortment. If you use the fairway wood with more than average frequency, you may derive better results by using the No. 7 and 4 irons and the No. 4 wood and driver.
Fifteen minutes is the minimum for an effective session. To finish pre-game preparation stop at the putting green and stroke balls for a couple of minutes.
Almost every professional on the tour has some device which he believes aids him in scoring more consistently. In my case it's a specially-weighted cover or warmup mitt, as it's commonly known. When weather conditions or lack of time prevent practicing, I find a place indoors where I swing a wood with this weighted cover on it. Let me caution you not to confuse the warmup with a correctional or experimental session intended to iron out difficulties.
If you hook or slice practice

Warren Man To Drive In Elmira Car Rally

Bob Geiger and Bill Blumquist, members of Warren Auto Sport Club, will take part in the "Little 500" sport car rally in Elmira, N. Y. this coming weekend. The annual event is sponsored by MG car club of New York. The event will be run over 500 miles of scenic central New York State. Geiger will drive his 1959 Austin Healey Sprite. Blumquist will act as his navigator.

Victory Over Pirates Puts Los Angeles on Top of Heap

By ED WILKS
Associated Press Sports Writer
Virtually no one but the other players in the National League considered the Los Angeles Dodgers a threat for the pennant. And even the players would shrug when they explained that the Dodgers "were too good to be seventh last year."
So who's in first? The Dodgers.
They made it a one-game lead Monday night, whipping Pittsburgh 9-3 with a five-run first inning that supplied all the cushion Don Drysdale needed to beat the Pirates for the first time since 1957.
It was the lanky right-hander's third consecutive victory after losing his first decision and he did it with a six-hitter.
That was the only game played in the majors Monday. Only two others were scheduled, both in the NL, and both were postponed by rain.
Manager Fred Haney's planned benching of left fielder Wes Covington and shortstop Johnny Logan was shelved when his defending champion Milwaukee Braves had to call off their game with the Chicago Cubs. The San Francisco Giants, in third place but only a game shy of the Dodgers along with the second place Braves, also

were idled by rain, at Philadelphia.
The Dodgers, with Gil Hodges the only holdover from the old guard in the lineup, chased winless George Witt, the sophomore who figured predominately in Pittsburgh's pennant plans, before he retired a man. That left the young right-hander with an 0-3 record and put the Pirates seventh, four games off the pace.
Witt, again troubled by a painful elbow this spring, walked the first two men he faced, then left after Wally Moon beat out an infield hit and Don Demeter lined a two-run single. Don Zimmer also singled home a pair and Drysdale singled home another before reliever Ron Blackburn retired the side.
Hodges tripled home a run in the fourth for the Dodgers, who had 11 hits, and they counted another in the fifth on a single by Charlie Neal, his second of the night and the last in a string of seven he began Sunday in St. Louis.
That gave Drysdale a 7-0 lead before the Pirates bunched three hits for a sixth-inning run, on Smoky Burgess' double. They got their other two in the ninth, on another Burgess double, two walks and a pair of outs before Drysdale ended it by making Ramon Mejias his seventh strikeout victim.

Patterson's Earnings Reach Million Mark

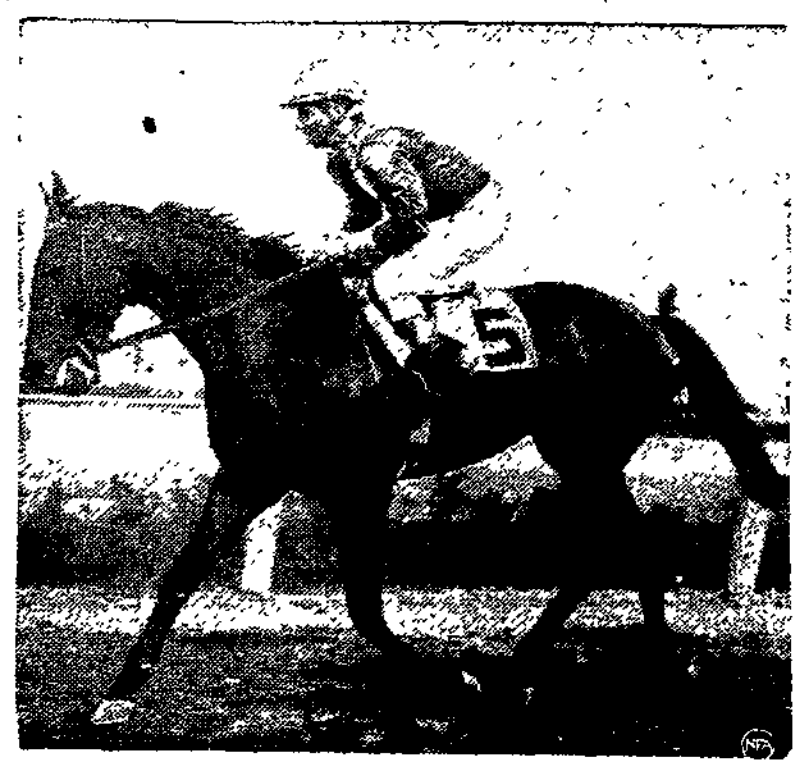

INDIANAPOLIS (A) — Floyd Patterson often has been called the "unknown champion" lately. When he hears about it he must laugh to himself.
For with his title defense against England's Brian London this Friday night, the heavyweight king's earnings in less than seven years of pro fighting will go over the million-dollar mark.
From that Sept. 12 night in 1952 when he collected \$75 for his first pro fight right through his last effort on Aug. 18, 1958, when he stopped Roy Harris, the quiet, mannerly Patterson has earned \$904,000 in the ring.
Of course, Uncle Sam and Manager Gus D'Amato got their cuts but it still left a good chunk for the once-retarded youth.
The 24-year-old champion figures to earn in the neighborhood of \$200,000 including the television fee, against the lowly regarded Briton.

Bill To Legalize Sunday Bowling For the State

HARRISBURG (AP) — A drive to bring the American Bowling Congress tournament to Pennsylvania in 1963 has begun in the Legislature.
It was started Monday night by Rep. Samuel W. Frank (D-Lehigh) with a bill to legalize Sunday bowling in the state. This is one of the Blue Laws that is seldom enforced.
Frank said he has had some assurances that the tourney could be brought into the Keystone State if the Sunday bowling restriction is formally lifted. The ABC has booked tournaments through 1962, he added.
Reps. Jules Filo (D-Allegheny), James J. Dougherty (D - Phila) and Frank P. Crossin (D-Luzerne) joined in sponsoring the measure.

Derby Trials In Progress At Louisville

By PAUL BECK
LOUISVILLE, Ky. (AP) — The boom or bust Kentucky Derby hopes of 18 three-year-olds go on the line today in the Derby Trial, final tuneup before Saturday's \$125,000-added classic.
The top eight or ten performers in the Trial, split into two divisions for the first time, probably will be among those going in the derby.
But today's mile run is likely to convince owners of the lesser lights their charges don't rate an appearance in the mile - and - a - quarter "Run for the Roses" at Churchill Downs Saturday.
The derby picture remains wide open.
Still to be accounted for are up to nine other possible starters now in the barns at the historic track.
The trial has a tempting East-West flavor. Finnegun, standard bearer of California, heads the field of eight in the first division

shots, do not try then and there to make a change in your game.

NEXT: Power held in reserve.

at early odds of 8 to 5. And First Landing, last year's two-year-old champ from the East, is an even-money favorite to win the second.
Both will carry 122 pounds compared with Derby weight of 126. Each division is worth \$15,000-added money.
Two colts are expected to give Finnegun a real fight. Royal Orbit, another California contender, is rated a 7-2 choice with Jockey Bill Hartack riding. Chris Rogers will ride Bayard Sharp's Troilus, the Flamingo winner going off at early odds of 9-2.
Finnegan, owned by Neil S. McCarthy, will have veteran Johnny Longden up.
Eddie Arcaro, winner of five derbies, will ride Christopher T. Cheney's First Landing.

Manager Stengel Planning Shakeup Of Mired Yanks

NEW YORK (AP) — A worried Manager Casey Stengel indicated today he intends to shake up his stumbling New York Yankees as they prepared to open their first western trip. They play the Chicago White Sox on their first stop tonight.
The Yankees, with four straight defeats, are mired in the second division, under the .500 mark for the first time since 1954.
"A lot of things are wrong," Stengel growled, "and I just gotta do something."
The "something" may be the benching of shortstop Tony Kubek and replacing him with the recuperating Gil McDougald.
G.I., who opened the season at second base but was sidelined when hit on the hand by a pitched ball a week ago last Saturday, is just about ready to return to action. The third and fourth fingers of his right hand are still bruised but he said he could play.

Athletes: Throw That "Special" Diet Notion Away

By BOB GREEN
Associated Press Sports Writer
CAMBRIDGE, Mass. (AP) — Yes, ma'am. You say you've got a budding young athlete in the family and you want to know if there's any special diet he should follow?

Not at all, says a panel of Harvard university scientists. What about special diets followed by some athletes? Hokus-pokus, replies the panel. Should you load up the athlete on milk and red meat? No more than anyone else, the panel says.

And the same holds true for the mature athlete. That was the conclusion of a panel of dietitians reached Monday night at the Harvard Faculty Club.

"I know of nothing that would put the nutrition of an athlete on any other footing than that of any other healthy human being," said Dr. Jean Mayer, associate professor of nutrition at the Harvard School of Public Health.

But he and Dr. Frederick Stare, head of the Department of Nutrition, made one distinction between the diet needs of an athlete and those of a less active nature: The athlete may need more of the same.

Both stressed that all that is needed is just "a simple, balanced diet." Stare added a variety of foods is desirable, meat or fish, fruit and vegetables and some oils.

As to some of the special, particular eating habits followed by some athletes, Mayer had this to say:

"Weird diets are apt to be successful just because the boys believe it has a magic quality."

Tippett Undergoes Surgery After Head Hits Canvas

PHILADELPHIA (AP)—A team of surgeons performed an emergency head operation on boxer Gene Tippett, 24, of Pittsburgh, Monday night after he was knocked out in the seventh round of a featured eight-rounder. He was in critical condition today at Episcopal Hospital.

Carl Hubbard of Philadelphia knocked Tippett down with a hard left hook the jaw. Tippett's head hit the canvas.

Hubbard floored Tippett four times — twice in the fourth round, once in the fifth and the final time in the seventh.

Docs: Thomas May Begin Late Spring Training

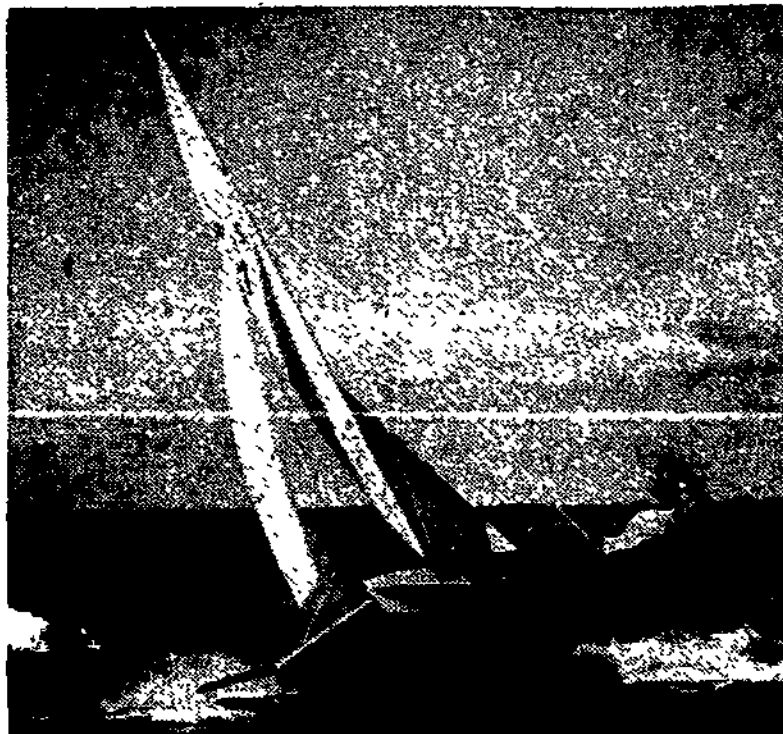

BOSTON (AP) — Surgeons say that if things go as expected John Thomas, world record high jumper, may be able to resume training — and possibly competition — late this spring.

Thomas, Boston University freshman, underwent a skin graft operation Monday in which almost eight square inches of skin was taken from his thigh and stitched close to an unhealed wound on his left foot.

Thomas was injured March 24 when his foot was caught in the door of an elevator.

Racing Class In Fast Sailing Cats

By WM. TAYLOR McKEOWN
Editor, Popular Boating

SAILBOAT OF FUTURE? — Twin-hulled catamaran shows her turn of speed on Miami's Biscayne Bay.

What is the world's fastest sailboat?

This question has been answered by a little red craft with one mast and two hulls. Skimming across the sunny green waters of Miami's Biscayne Bay, she beat 39 other sailboats from all parts of the country in four out of five races during a special One-of-a-Kind Regatta.

Skippers taking part feel this little catamaran-type craft may have answered a number of other questions as well, and started a new trend in racing sailboats.

With brisk breezes each day to push them along and the best skippers in the country, these quick craft got up on top of the water and planed along at speeds approaching 20 miles an hour — faster than the big America's Cup sloops, of last summer were ever able to go.

What did the races prove? That prehistoric Polynesians and jet-age engineers are both right. That, fortunately, we still have a lot to learn about the forces that make a sailboat ship through

the water. And that even higher sailing speeds are yet to come.

The catamaran design, originally two logs tied together for stability and later a hull plus outrigger float, was used by South Sea islanders for long open-water voyages. Today it is still two equal-length hulls constructed parallel and several feet apart.

But the "cats" that cleaned up at the One-of-a-Kind Regatta also incorporated a great deal of modern hydrodynamic thinking in their hulls and aerodynamics in their sails.

Until recently catamarans were viewed with suspicion by old-time sailors. Could a cat go to windward? Would the twin bows catch in a wave and pitch-pole the craft? Could the boat move at all in the light airs of a drifting match?

Not all the answers are in, but the Tiger Cat, in this first race showed bursts of speed while pointing toward the wind that could rival a power boat.

Looks like we have a new racing class in the making.

Dodgers Continue Climb To The Top; Beat Bucs 9-3

PITTSBURGH (AP)—Walt Alston, manager of the National League-leading Los Angeles Dodgers, says he suspects his team was shamed into playing good ball this season.

"No one likes to finish seventh," Alston said, referring to the Dodgers' showing last year. "Yes, I would say the boys' pride was somewhat hurt."

So far the Dodgers have won 10 games while losing 5.

Alston was a willing talker after watching the red-hot Dodgers beat the Pittsburgh Pirates 9-3 Monday night to increase their league lead to a full game over the idle Milwaukee Braves.

"Basically," he said, "this team

is better than the one I had last year. It has better balance and the spirit is wonderful."

"The boys worked hard to get in shape this spring," Alston said. "I'd like to think that's the real answer for our fine start."

Alston said his pitching staff may be another reason for the early season spurt. He said "Last year we opened the season with three sore-armed pitchers. There was nothing like that this season."

"If we continue to play this kind of ball, we stand a good chance for a first-division finish."

Norman Hopeful Tigers Will Get "Rolling" Soon

By DAVE DILES
Associated Press Sports Writer
DETROIT (AP) — Bill Norman admits that if he were not the manager of the Detroit Tigers, the club's early season miseries would be pitiful to the point of being funny.

"But I am the manager," the harried Norman added quickly. "I can't laugh, ridiculous as things sometimes have been. Things ain't funny at all."

Norman is far from ready to concede anything, and he says not a player has given any indication that the team's 1-12 record is producing quitters.

"It's almost amazing how these guys are holding up," Norman said. "I have a lot of respect for my troops. They are giving me 100 per cent and more. I know it sounds awfully stale but we're going to get rolling."

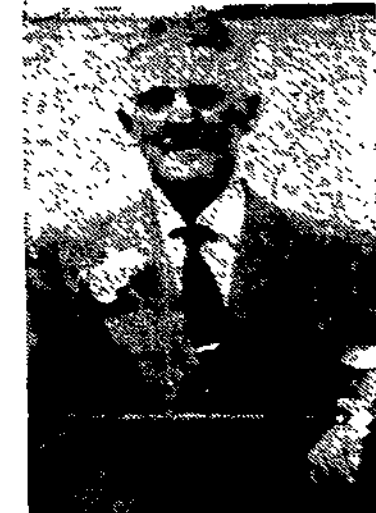

The Tigers have a chance to end their second six-game losing streak of the young season tonight when they meet the Baltimore Orioles at Briggs Stadium.

Norman has changed the batting order more times than he cares to count and he was switched left fielders and first basemen without coming up with a regular at either spot.

"Nothing works," he said. "It looks like we are snake-bit. It's really frustrating when you have three guys among the batting leaders and still win only once in 13 tries."

"We're a good club and when it's all over we'll be in the top four. Until we get there I'm not pushing any panic buttons."

Elk Lodge Honors Winning Bowling Team and Players

BILL MULVEY

Legend - Inspired Antelope Hunt in Wyoming Grows

By BOB LEERIGHT
LANDER, Wyo. (AP)—In the days of the muzzle-loading musket you got one chance to bag your game. If you missed, you went hungry. If you hit, you fared.

Each year the Wyoming antelope season is opened in early September with a traditional one-shot antelope hunt.

A group of governors, movie and television celebrities, business and military leaders are given one bullet to bag their fleet-footed pronghorn.

To the hunters who fell an antelope through their single bullet there are pat on the back, strands of bear claws and other awards at a Shoshone Indian victory banquet. Those who hit nothing but air eat with the squaws and help prepare the feast for the crack shots.

Williams Resumes Drill

BOSTON (AP) — Ted Williams, Boston Red Sox slugger, resumed batting practice Monday, his first hitting drill in a month.

He has undergone treatment for a pinched neck nerve and an accompanying back and shoulder injury.

No indication has been given as to how long it will be before he can begin playing.

Old Pitchers Don't Fade; They Droop, Says Roberts

By HARRY GRAYSON
NEA Sports Editor

PHILADELPHIA (NEA)—Two years ago, Robin Roberts lost 22 games. They said, at 30, he was through, his fast one gone, a guy with a worn-out arm.

But Roberts set down the Cincinnati Reds, 2-1, on opening day this year, his 10th straight season-starting assignment, and looked like the Roberts who won 20 or more six years in a row.

What's the change? Robin believes he knows. "When I'm pitching right," explained the snub-nosed right-hander, "my back and legs absorb the strain. My arm never tires. A couple of years ago, I was straining. I wasn't right physically, and neither was my arm."

"As you become older, it gets more of a problem to keep your pitches up there," and Roberts swept his arm across his shoulders in a three-quarter motion.

"YOU DON'T RUN AS MUCH, you have physical problems and it takes more work when you're warming up and when you're pitching to keep the arm up there. I have to fight it every spring. It was definitely my trouble a couple of years ago, letting my delivery droop."

"Follows like Spahn and Wynn—watch 'em. They can still come in overhand after all those years of pitching."

Roberts was back on the beam last year when he won 17 and lost 14 for a last place club, with a 3.23 ERA.

"Don't let that overhand stuff mislead you," Robin added. "Only a guy like Sandy Koufax of the Dodgers throws it straight over the top. For the rest of us, it's enough to keep it up around the shoulder if it's the natural delivery."

"THE ADVANTAGE IS MORE variety in your pitching to keep the batter off balance. The fast ball that hops and the curve ball that drops—no one's ever found a better formula for pitching. The sidewarder doesn't have that—his fast ball sinks and his curve sinks."

Roberts disdains the offbeat pitches that others resort to for prolonged careers. He's never perfected the slider that's a prevalent weapon among major league hurlers.

"Tell you the truth," he confessed, "when I was throwing my fast ball right I snapped it off just like a slider without knowing it. It acted like a slider, breaking sharply away from a right hand hitter."

Roberts suspects the edge has gone off his fast ball but won't admit that's behind his affinity for home run pitches, nor is it because he won't buzz the ball past batters' ears with brush-offs.

"Homers," he insisted, "are the result of bad pitches. As far as brushing a batter back, I recognize its value as a weapon. It's part of my equipment. But you don't do it to scare him, only to keep him off balance."

Although he's past the 200-victory mark for a career entering its 12th year, Roberts has no fancy goals.

"I just want to keep pitching," he said, "and the hitters will tell me when I can't. They tried to tell me two years ago—but I wouldn't listen."

Boy Choir Will Sing Broadway Musical Hits

Enchanting, delightful music from the Broadway stage has been selected as one of the highlights of the Warren Boy Choir spring concert, Tuesday, May 5th in Beatty Auditorium.

The young flesh voices will be heard in a medley of songs ranging from "Seventy-six Trombones" from "Music Man" to Ball Ha from South Pacific to "Whistle a Happy Tune" from the score of "King and I" to "Big D" from "Most Happy Fella." And from "Song of Norway" to "Strange Music" to "Oklahoma" to "Surrey With the Fringe on Top."

Tickets for the 12th annual appearance of "Pennsylvania's Singing Boys" are on sale now at United Cigar Store, Bieker's Music House, and from chorboy parents. The program will also include folk songs from England, Sweden, Germany, Spain and America and groups of famous classics including:

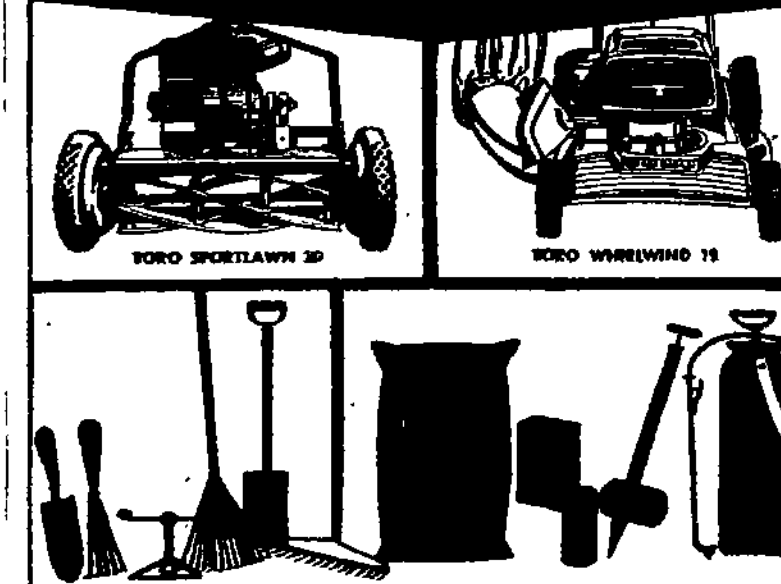

Angels and the Shepherds, Brother James Air, Abade, Children of the Moon, Wiegand, He was Despaired from "The Messiah" and Hear My Prayer by Mendelssohn.

The Second Boy Choir will also have a part in the program singing "Let There Be Music" and "Who Would." Byron L. Swanson will direct the concert with Richard Sidey at the piano.

The annual spring appearance is always a highlight of the season and the choirboys look forward to a full auditorium to climax their season. Nightly rehearsals are being held in the Boy Choir headquarters to perfect their program for the May 5th date.

CD Operation Alert Plans Second Phase

The second phase or portion of this year's national civil defense test of "Operation Alert 1959" is scheduled to be held on Friday and Saturday, May 8 and 9. According to standards prescribed by the Office of Civil and Defense Mobilization, participation in the May test is to be primarily by county and local civil defense staff personnel.

The Office of Civil and Defense Mobilization has informed the State Council of Civil Defense that detailed federal instructions relating to the May 8 and 9 phase of the test will not be available until the middle of this week. Since this late date of scheduled delivery will render appropriate distribution of federal details impractical, if not impossible, Pennsylvania participation in the test will be carried out as a staff exercise between 9:00 a. m. Friday, May 8, and 10:00 p. m. Saturday, May 9.

Small Railroad Gangs May No Longer Exist

Although unable to get confirmation from PRR officials today, it is reported that the Pennsylvania Railroad is consolidating small section gangs into larger ones in the area, and it is advised that Titusville, Centerville, Tionesta and Tidoute will lose their section gangs entirely.

The unofficial report also stated that three-man gangs at Titusville and Centerville will be consolidated into a larger gang to be stationed at Tyroneville, Tionesta and Tidoute crews to be stationed at West Hickory. The consolidations are part of a new system of the railroad known as "cycle maintenance."

The "Pennsy" has been steadily increasing its use of machinery with section gangs needed only to tighten a few nuts and bolts. As a result of the mechanized units doing all the heavy tie and rail renewal work, small maintenance crews are now out-moded.

It is believed the change is being made all over the railroad with two-thirds of the railroad's gangs already consolidated. The Northern region of PRR is one of the last hold-outs.

Tionesta lost its PRR freight agent about a year ago and if the section gang moves to West Hickory, no railroad employees will be located at that spot in the future.

Bill Would Give State Five Miles Of County Roads

Senator Leroy E. Chapman has introduced two bills which would add almost five miles of Warren County roads to the state highway system.

One measure introduced Monday would add 2.5 miles of Columbus Township Route 344 from Traffic Route 86 to an intersection with Legislative Route 61016.

Route 344 runs north between Columbus and Corry and ends at Route 61016 between Columbus and Clymer, N. Y.

The other would add approximately 2.2 miles from Sugar Grove Borough to New York state line.

Waiting for him was Raul who had flown in unannounced several hours earlier, amid reports from Cuba that the two brothers were in disagreement.

Fidel said he had phoned Raul Sunday and asked him to meet him in Houston. He said he had been out of Cuba for 10 days and he wanted Raul's impressions of how things were going.

Ostwind and Belle left for Rio de Janeiro just before their financial empire collapsed under government investigation. A federal grand jury in Pittsburgh indicted them both last November on fraud and conspiracy charges.

The sun-tanned Ostwind, who held a salesman's job in Brazil, declined to answer any questions about Belle, who stayed behind. Meanwhile, it was revealed in Rio de Janeiro that Ostwind had left a signed statement in which he promised complete cooperation with U. S. Atty. Hubert Teitelbaum of the western Pennsylvania district.

The statement was shown to newsmen by U.S. Consul Malcolm Hallam who said he was approached by Ostwind April 6 about returning to the United States.

Hallam said Ostwind asked him to arrange the U.S. trip so the latter could surrender. Ostwind asked that his family not be submitted to any sort of embarrassment and that he be allowed to travel to Pittsburgh to turn himself in.

Hallam quoted Ostwind as saying he was returning to the United States for three reasons:

1. He did not want to bring his son up in Brazil with a fugitive father.
2. He feels he is innocent. Hallam quoted Ostwind as saying he may be technically guilty because he did not know what was happening.
3. Ostwind felt he was not receiving a fair shake from Belle and many things were kept in the dark.

Severe Storms in Midwest Are Reported Abating Today

By THE ASSOCIATED PRESS

Wind and rain storms which hammered the nation's midsection appeared abating today but more rain drenched broad areas from the Mississippi River to the Atlantic Coast.

The Weather Bureau reported the threat of tornadoes appeared ended after funnel clouds were spotted Monday night in sections of Missouri and Arkansas.

Strong winds lashed many sections. hail pelted some areas and heaviest rains of the season wet many Midwest cities.

The St. Louis Weather Bureau issued two alerts that tornadoes had been sighted but both were high in the air and no damage was reported. A twister passed over Clinton, Ark., and strong winds caused minor damage and injured one woman. The funnel cloud did not touch ground.

Winds up to 85 m.p.h. pounded Sikeston, in southeast Missouri, damaging an estimated 200 roofs, smashed windows and uprooted trees. Fallen trees and debris blocked U.S. Highway 61 through the city. Power and telephone lines also were disrupted. Strong winds were general throughout southeast Missouri. Dexter, New Madrid and Morehouse all reported damage from the storm. One woman was cut by flying glass in Dexter.

The storm, moving out of the central plains into the Ohio Valley, spread rain and hail from the parts of the plains states through the mid Mississippi Valley and southern Great Lakes region into Southern New England. Heavy rain was in prospect during the day in the Ohio Valley.

Chicago was soaked by more than two inches of rain, most of it in a six-hour period Monday night. It was the city's heaviest fall for any date since July 12, 1937.

Downpours also were reported throughout Illinois and in sections of Missouri and Iowa. Hail also hit many areas.

Thunderstorms dumped hail and 1 1/2 inches of rain in Kansas City. Dust storms were reported in parts of Kansas. Gusts up to 75 m.p.h. lashed Liberal, Kan., while at Garden City, Kan., swirling dust cut visibility to 1/2 mile during gusts of more than 60 m.p.h.

Although the Panamanian government specifically did not accuse Fidel Castro's Cuban regime of complicity in the invasion plot, the preponderance of Cubans in the invasion force was highly embarrassing to Castro and his government.

Coast Mail Man Heir To Fabulous Fortune

MARTINEZ, Calif. (AP) — A court settlement approved Monday gives a Martinez mail carrier \$116,776 and a \$16,000 ranch from the estate of a retired Richmond school teacher the carrier had known since he was a boy.

The postman, Louis Bartolomei, 54, is the principal heir of the estate of Miss Emily Neukom who died last year. Miss Neukom, after leaving various small bequests, bequeathed the rest of her \$148,211 on a share-alike basis to Bartolomei and Ralph Wight, a Martinez attorney. Wight died two years ago however, and Mrs. Neukom didn't change her will. She left no relatives, so Superior Court Judge H. Donovan approved a settlement giving Bartolomei Wight's share, too.

Bartolomei spent his free time for years working on Miss Neukom's Vine Hill ranch near Martinez. He inherits the place.

Smiling Godfrey Enters Hospital

NEW YORK (AP)—Arthur Godfrey was in a hospital today to get ready for an operation scheduled for Thursday.

The 55-year-old television and radio star was smiling but tense Monday as he entered the Harkness Pavilion of Columbia Presbyterian Medical Center.

Asked by newsmen if he was worried over his chest tumor, Godfrey replied: "Sure, I'm worried. Wouldn't you be?"

The operation will show whether the tumor is cancerous.

Teacher Shortage In Science Fields Reported Easing

By G. K. MODENFIELD
AP Education Writer

WASHINGTON (AP)—The nation's teacher shortage is easing somewhat in the critical fields of science, mathematics and foreign languages, the National Education Assn. reports.

In its annual survey, the NEA found that the over-all shortage would be about 135,000 teachers, the same as last fall.

The survey did not give a state-by-state breakdown. However, a spot check by The Associated Press last winter indicated that the states suffering the most are California, Michigan, Texas, New Jersey, New York and Ohio.

The NEA said the 1959 college graduating class promises to produce 6,984 new science teachers, an increase of 28 per cent over 1958. There will be 4,733 new math teachers, up 37 per cent, and 2,005 new foreign language teachers, up 23 per cent.

Altogether, the class of '59 is expected about 73 per cent—or 92,500—of these graduates actually will take teaching jobs. Many of the rest will go into other fields because of higher pay or personal preference.

The NEA said the nation's public schools will need 227,500 new teachers next September, broken down this way:

94,500 to replace those leaving the field.

33,000 to serve increased enrollment.

30,000 to relieve over-crowding and eliminate half-day sessions.

20,000 to provide instruction and services not now provided.

50,000 to replace unprepared or unqualified teachers.

If only 92,500 members of the class of '59 take teaching jobs, where are the other 135,000 coming from?

The big majority—probably in excess of 90,000—will be college graduates of previous years.

River Stay 'way From My Door

Flood-minded because of Civilian Defense activities, Dan Shirk, director of maintenance at Sylvania, checked flood control measures at the two plants last week. In top photo, Dan studies the high-water mark at the Second Avenue plant before directing workers on steps to be taken in case of high waters. Lower picture shows workers running through a "flood door" drill. The company took an unusually heavy loss in '56 flood.

Boyle's Column

NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

One reason the average motorist sees red: He spends 30 hours a year merely waiting for traffic lights to change.

If you plan to visit Mars this year, take along your own jug. All the water vapor on that dry planet equals no more than could be found in a box of earthly air two feet wide, two feet long and 10 feet deep.

Only one man in every seven and one woman in five have read the Bible all the way through.

A news item mentions that jujitsu classes are now open to children, too. "Of course, you can go to the movies tonight, junior—if you'll just let daddy out of this headlock!"

In Greenwich Village now a beard is known as "a Castro cut."

Survival hint to bridegrooms: You can make charred pieces of toast at least partially more edible by rubbing them together briskly—when your bride isn't looking.

Our quotable notables: "Traditions are like lamp posts," said Viscount Hailsham. "wise men use them to guide their paths. Drunkards use them to support their instability."

America's best seller is still the comic book.

The U.S. Defense Department is one of the world's wealthiest landowners. It now controls real estate valued at 25 billion dollars.

Living in the past: "Remember when," asks comic George De Witt, "it cost more to run an automobile than to park it?"

California is famous for its movie star divorces, but there's a brighter side. It leads the other states in marriages.

If there is a difference between the figures and the written amount on a check, the written amount is the one recognized by the bank.

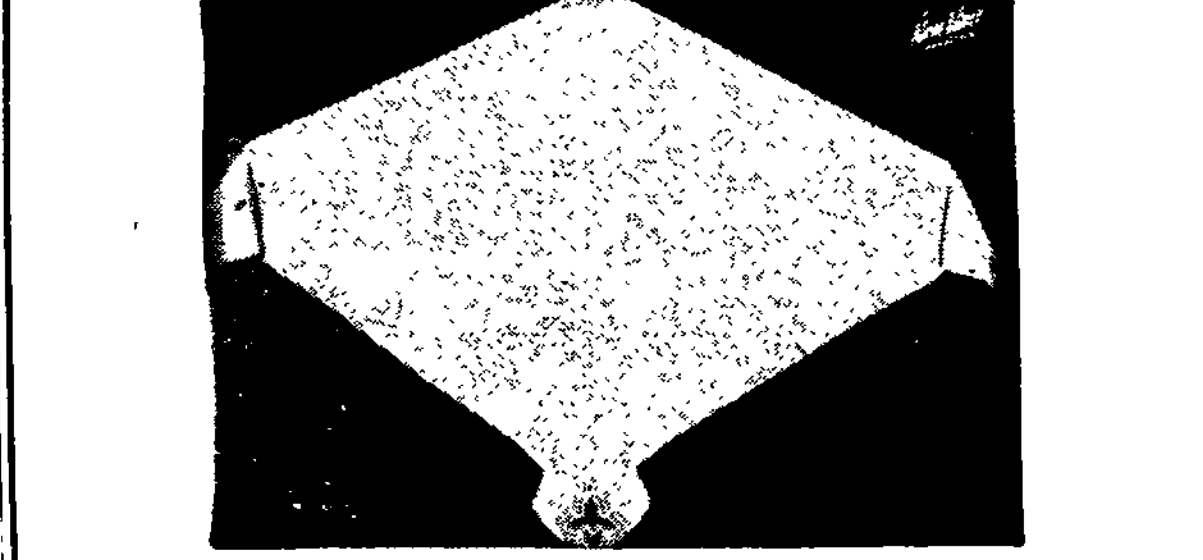

Karl Wilhelm, a German statesman, composed a 100-line poem in honor of his wife every day for 44 years.

It was Eugene O'Neill who observed, "Our lives are merely strange dark interludes in the electrical display of God the Father!"

GOES TO KEESLER—Airman Frederick W. Danielson, son of Mr. and Mrs. Guy W. Danielson of 216 East Main street, Youngsville, has completed his initial course of Air Force basic military training at Lackland, in Texas, and has been selected to attend the technical school for radio and radar at Keesler Air Force Base, Miss. Graduate of Warren High, Danielson enlisted in the Air Force at Bradford. (USAF Photo).
